Financial Policy

Fees are standard and based on the complexity of your visit. Payment in full is required at the completion of your exam and can be made with cash, personal check, credit card and/or care credit. All sales are considered final. Insurance co-payments are due at the time of service. If you are unable to pay your co-payment at your visit, your appointment may need to be rescheduled.

Custom orders are non-refundable. In store credit may be offered on some orders. All orders must have at least a 50% payment made at the time the order is placed. Any remaining balance must be paid before the order can be dispensed.

You may choose both, neither, or either of the following services. All services are recommended by the doctor but not necessary for all patients. If the doctor feels it is necessary for these services, and you have elected no, she will discuss this during your exam:

Dilation Consent

Our doctor uses eye drops to dilate your pupils as part of a comprehensive eye evaluation. There is no additional fee for this service. Pupil dilation allows the doctor to better view key structures of the eye, to determine if you have any disease that may affect your vision. These drops typically cause decreased reading vision and light sensitivity for about 3-4 hours. Usually, distance vision is minimally affected.

Yes, I consent to having my eyes dilated today.

No, I decline to be dilated. I understand that certain medical conditions that may affect my vision may not be detected by my refusal and I accept all risks and responsibility.

Digital Retinal Imaging Consent

Retinal imaging allows instant viewing of the back of the eye without pupil dilation. While taking the retinal photo does not replace the need to have your eyes dilated, it is strongly recommended that you have photos taken if you plan on declining dilation at today's visit. Some insurance plans offer this service at a lesser co-pay than the normal fee we typically charge. You will be charged for the lesser amount if covered by your insurance.

Yes, please perform the Digital Retinal Imaging. **The fee for this service if not covered by insurance is \$40**

No, I do not wish to have the optional imaging performed.
